Organizational Structure

The Fund

Gamehost Income Fund (the "Fund") is an unincorporated open-ended limited purpose trust established under the laws of the Province of Alberta and is governed by a trust agreement dated April 9, 2003.

The Trust

Gamehost Trust (the "Trust") is an unincorporated open-ended limited purpose trust established under the laws of the Province of Alberta and is governed by a trust agreement dated April 10, 2003. All of the securities of the Trust are held by the Fund. The trustees of the Trust are also the trustees of the Fund.

The Limited Partnership

Gamehost Limited Partnership (the "Limited Partnership") is a limited partnership formed under the laws of the Province of Alberta. The Limited Partnership owns the assets and business operations of the Fund. These assets were acquired from Service Plus Hospitality Ltd., Will Inns Ltd. and Boomtown Casino Ltd. through a Plan of Arrangement. The Limited Partnership began operations of the Fund effective June 1, 2003.

The Manager

The general partner of the Limited Partnership is the Manager (Gamehost Management Inc.). Pursuant to a management agreement (the "Management Agreement") between the Fund and the Manager, the administration and management of the Partnership was delegated to the Manager.

Units

The Limited Partnership is authorized to issue unlimited numbers of both Class "A" units ("Fund Units") and Class "B" Limited Partnership units ("B Units"). At present, all Fund Units of the Limited Partnership are held through the Trust and all B Units are held by the remaining partners of the Limited Partnership. There are 3,591,051 Fund Units and 3,444,800 B Units of the Limited Partnership issued and outstanding. B Units are exchangeable, on a one-for-one basis, for Fund Units. Holders of Fund Units and holders of B Units have equal voting rights.

Overview

The Fund's activities are currently confined to the Province of Alberta, Canada. Operations include the Boomtown Casino in Ft. McMurray, the Great Northern Casino in Grande Prairie and Service Plus Inns & Suites ("Service Plus"), a limited service hotel, also located in Grande Prairie. As a complement to the hotel, the Fund owns a retail complex (the "Strip Mall") that leases space to separate liquor store, pub and full service restaurant operations. The Fund is also a 40% joint venture partner in Deerfoot Inn & Casino Inc., (the "Deerfoot Joint Venture"), that opened Deerfoot Inn & Casino in Calgary on November 21, 2005.

Management believes in a combined entertainment and hospitality model. The model targets the entertainment seeker and social occasional gamer. Clean, inviting venues that deliver live entertainment, lounging and dining, rest and relaxation together with gaming are situated in community based locales.

It is the intent and practice of the Fund to distribute taxable income of the Fund to unit holders by way of cash distributions on a monthly basis.

To our Unit holders

The Trustees and management of the Fund are pleased to present annual results for the twelve months ended December 31, 2005 (the “Period”) and quarterly results for the three months ended December 31, 2005 (the “Quarter”).

(* Initial 4 month quarter x ¾)

Quarterly revenues rose dramatically on the strength of existing operations and the opening of Deerfoot Inn & Casino on November 21, 2005 in Calgary, Alberta. A strong Alberta economy has kept northern hotel operations at record occupancy levels. Strong employment and wage growth have combined to increase levels of disposable income benefiting all of our gaming operations.

Nine in a Row

The Fund generated total revenues of \$9.37 million during the Quarter vs. \$7.51 million in Q3 2005 (“Q3”). The Fund has recorded nine consecutive quarters of revenue growth. In comparison to Q3, sales during the Quarter are up 25%. Sales were lifted by the Fund’s 40% investment in Deerfoot Inn & Casino which contributed \$1.39 million during its first 40 days of operation. Even so, sales records were broken with the effect of Deerfoot Inn & Casino removed (“Same Store”). Same Store operations sales of \$7.98 million represent an increase of 6.3% or \$471 thousand over Q3.

Same Store Operations

Hotel occupancy in the north has improved steadily over the course of the Period approaching near full capacity prior to Christmas. This was predominately supported by oil industry clientele and augmented by strong recreational travel on weekends. Reduced vacancies allowed for an increase in the rack rates which added to the boost in revenues. An additional increase will take effect on January 1, 2006. Our gaming, food and beverage business has followed the oil and industrial sector growth trends. Great Northern Casino, Boomtown Casino and Service Plus all recorded record revenue for the Period and Quarter. With all existing properties operating at exceptionally high levels, Same Store EBITDA for the Period and Quarter improved by 2.0% and 5.1% respectively over corresponding prior year periods.

Alberta is experiencing a province wide shortage of workers. Our own challenges in this area have been mitigated somewhat by some tactical increases in wages, finder’s fees to existing staff who lead workers to our employ, sponsorship programs for immigrant employees and implementation January 1, 2006 of a new benefit plan targeted to front line workers.

The Deerfoot Effect

Deerfoot Inn & Casino, in Calgary, opened with a splash on November 21, 2005. The property’s Chrome Showroom played host to overflowing visitors for four nights running to introduce the facility to the community. By all accounts, the introduction of this premier entertainment venue was an overwhelming success. Management and staff had little time to breathe before being tested again during a busy Christmas banquet season. During the first 40 days of operation, the facility did \$3.47 million in gross sales to help offset accumulated pre-opening expenses, November grand opening expenses and December operating expenses which are discussed in more detail in our annual report. At the end of the

Period, the combined net loss for the new property was \$1.17 million. The Fund's 40% share of this loss, \$476 thousand, is within a few thousand dollars of expected results and is included in operating results for the Period.

Show Me the Money!

On December 20, 2005, following a consistent monthly pattern of \$0.12 per unit in regular distributions, Trustees declared a special year end distribution of \$0.59 per unit. Together with this special distribution, declared distributions for the Period totaled \$2.03 per unit; an increase of \$0.31 per unit over distributions in 2004.

Ending on a High Note

On December 30, 2005, the final trading day of the calendar year, Gamehost Income Fund units closed at \$37.00 per unit, one dollar off the all time high of \$38.00 per unit set days earlier. At the time of writing, the Fund's units were trading in the range of \$35.00 per unit representing an appreciation of 37% over the approximate closing price of \$25.50 per unit at the end of 2004.

What's next?

Oil industry analysts are predicting record drilling in Alberta for 2006. This bodes well for our hotel and gaming properties which are well positioned to benefit from the high levels of oil industry activity.

In early February, Boomtown Casino opened it's newly renovated side which doubled the floor area. Slot machines and tables were moved to the new space from the existing adjoining space and work has begun to update the original floor area we have operated out of since the Fund's inception. Additional slot machines planned for the expanded space will be in place toward the middle of March 2006. Patrons have already made positive comments regarding the improved facility. The completed project should generate favorable financial results throughout 2006 and beyond.

Deerfoot Inn & Casino began a new phase of operations on January 1, 2006. The pre-opening and initial weeks of operation has provided management with some insights into the potential for the property. Departmental baselines have been established and management's focus has now shifted to increasing business volume through ongoing marketing efforts and improving operating efficiencies.

The new Deerfoot Inn & Casino and our expanded Boomtown Casino hold much potential as do all of our properties. Management is excited about what the future holds for the Fund. We want to personally thank our management and staff. They are a talented, creative and dedicated group who continues to prove that they are the key to unlocking this potential.

To you, our unit holders, the Gamehost story has been a good one. Don't put the book down yet! The next pages look equally interesting. Thank you for your continued support.

February 23, 2006.

Sincerely,

David J. Will
President and Chief Executive Officer

Management's Discussion and Analysis for the twelve month period ended December 31, 2005

This discussion should be read in conjunction with the reported financial results for the twelve month period ended December 31, 2005 (the "Period"). Consolidated financial statements for the Period have been prepared by management in accordance with Canadian generally accepted accounting principles (GAAP).

Caution to the Reader

Quarterly figures and comparisons contained in this management discussion and analysis have not been independently audited or reviewed by the Fund's external auditors.

This management discussion and analysis may make reference to earnings before interest, taxes, depreciation and amortization ("EBITDA"). EBITDA is a non-GAAP measure and is provided for information only. EBITDA calculations should not be relied upon as a sole measure of performance.

This management discussion and analysis uses the term "Same Store" for the purpose of providing additional and separate comparative results which exclude the impact of the Fund's investment in Deerfoot Inn & Casino. Results from the start of operations of Deerfoot Inn & Casino (the "Deerfoot Joint Venture") have had a significant impact on over all operating results during the three months ended December 31, 2005 (the "Quarter") and to a lesser extent during the previous three months ended September 30, 2005.

This management discussion and analysis may contain forward-looking statements. Forward-looking statements may contain words such as "anticipates", "believes", "could", "expects", "indicates", "plans" or other similar expressions that suggest future outcomes or events. Use of these statements reflect reasonable assumptions made on the basis of management's current beliefs with information known by management at the time of writing. Many factors could cause actual results to differ from the results discussed in forward-looking statements. Actual results may not be consistent with these forward-looking statements.

Disclosure Controls

Disclosure controls and procedures have been designed to provide the Manager with reasonable assurance that material information relating to the issuer, including its consolidated subsidiaries, is made known to the Manager by others within those entities, particularly during the period in which the annual filings are being prepared.

Certifying officers of the Manager have evaluated those controls and procedures and concluded that they are operating effectively. All material information relating to the issuer and its consolidated subsidiaries has been made known to the Manager during the preparation of the annual financial statements and that information has been included in the reported results for the Period.

Operating losses from the Deerfoot Joint Venture explain the lower EBITDA results for the Quarter. Net earnings are reduced due to higher than anticipated depreciation including the Deerfoot Joint Venture.

Revenues

From its inception, the Fund has increased revenues for nine consecutive quarters. Even without the favorable impact of the newly opened Deerfoot Joint Venture, operations experienced exceptionally strong customer activity to easily surpass the previous Same Store levels for total revenue set in Q3 2005.

Hotel Rooming Revenue

Rooming includes both guest and meeting room sales at Service Plus and the Deerfoot Joint Venture.

(in thousands of dollars unless stated otherwise)

The Deerfoot Joint Venture experienced 30% occupancy levels during the first 40 days of operation as expected. The lower occupancy rates at the Deerfoot Joint Venture compared to Same Store operations reduced overall occupancy for the Fund.

Service Plus improved on an exceptional third quarter with higher average daily rates (ADR) resulting from a rate increase in September 2005 and occupancy rates pushing the 90% range during the Quarter.

Table Game Revenue

Table play and revenue sharing is regulated in Alberta by the Alberta Gaming and Liquor Commission. In general terms, Drop is the total amount of money anted and bet by players at most table games. Hold is the amount won from the drop at each table. Hold as a percentage of the drop will fluctuate. The hold is shared in varying percentages between charities and the casino operator dependant on the size and location of the casino. The game of Poker has a pot rather than a drop. The pot is the total amount anted and bet by players at a poker table. Rake is the total amount of the pot that is retained by the table and is usually a flat fee for each hand played. Rake is shared 25%/75% by the charity and casino operator

respectively. Financial statements of the Fund report only the net table win being the operator's portion of the hold or rake.

(in thousands of dollars unless stated otherwise)

* Note – The breakdown in reporting of all table games is not truly comparative as Caribbean stud was not recorded separate from other games in all quarters of the prior year.

Table games are extremely popular at the new Deerfoot Joint Venture property making up 39% of total gaming revenue compared to 24% for Same Store properties. The impact of this strong table action at the Deerfoot Joint Venture is clearly evident in comparative figures between the Quarter and the previous quarter. Poker continues to rise in popularity at all of the Fund's properties.

The Deerfoot Joint Venture injected "seed" monies to the Caribbean jackpot account in order to attract players. Seed money is treated as a reduction to revenue and as a result has reduced reported revenue.

Slot Machine Revenue

The Fund's portion of an additional 600 slot machines at the Deerfoot Joint Venture provided a boost to overall slot revenues. Slot play was very strong as well on a Same Store measure. Both Boomtown and Great Northern casinos generated record slot revenue during the Quarter and Period.

Food & Beverage (“F&B”) Revenue

Food & mix and liquor sales are up significantly for the Period and Quarter with the contribution made by the Deerfoot Joint Venture. A change in contractors providing food service at Great Northern Casino and a general increase in patron traffic has resulted in a strong increase in food & mix sales at Same Store operations.

F & B Revenue	Q4 (twelve months)			Q4 (three months)			Previous Quarter	
	2005	2004	+(-)	2005	2004	+(-)	Q3 2005	+(-)

The Deerfoot Joint Venture is the only Fund property earning margins from food sales. Same Store properties earn only a commission from 3rd party operators. This margin contribution from the Deerfoot Joint Venture dramatically increases overall reported food & mix margin in dollars for both the Period and Quarter.

While the Deerfoot Joint Venture has improved food & mix margin percentage, it has had a minor negative effect on combined margin percentage. This is the result of changes in the product mix. The Deerfoot Joint Venture has a higher component of lower margin food & mix sales in relation to higher margined liquor sales as compared to Same Store operations.

Lease and Rental Revenue

Lease and rental revenue is derived from three leases in the Strip Mall as well as lease and rental revenues generated within the casinos from 3rd party providers of on-premise food services. All three tenants at the Strip Mall are in their final renewal term which expires in either 2008 or 2009. The Deerfoot Joint Venture has no lease and rental revenue.

Lease & Rental	Q4 (twelve months)			Q4 (three months)			Previous Quarter	
	2005	2004	+(-)	2005	2004	+(-)	Q3 2005	+(-)
Total	288.4	281.4	2.5%	66.4	62.5	6.2%	73.5	(9.7%)

(in thousands of dollars unless stated otherwise)

The small revenue gains posted in 2005 vs. 2004 reflect the recovery of higher common area costs. A reduction in revenues for the Quarter versus the previous quarter is due to the annual adjustment in common area costs charged to tenants of the Strip Mall. Common area costs are estimated for billing purposes at the start of the calendar year and adjusted to actual at year end. The resulting adjustment produced a credit owing to the tenants for 2005.

Other Revenue

Other revenue includes automated teller fees, lottery ticket sales, movie rentals, cigarette sales, ticket revenue and other miscellaneous service revenues at casinos and hotels.

Other	Q4 (twelve months)			Q4 (three months)			Previous Quarter	
	2005	2004	+(-)	2005	2004	+(-)	Q3 2005	+(-)

Total	2,397.6	2,041.9	17.4%	632.7	560.4	12.9%	602.2	5.1%

(in thousands of dollars unless stated otherwise)

Contributions from ATM machines in place at the Deerfoot Joint Venture account for the majority of reported other revenue gains for the Quarter. ATM's produced record revenues during the Quarter at both Great Northern Casino and Boomtown Casino. A number of other contributors in the other revenue category are also up, most notably cigarette sales and miscellaneous guest charges from the Deerfoot Joint Venture.

Expenses

Total Expenses

Start up costs and initial weeks of operation in the Deerfoot Joint Venture resulted in higher overall costs to the Fund as a % of total Fund revenue. All pre-opening costs, November grand opening costs and December 2005 operating costs of Deerfoot Joint Venture have been expensed to operations. Same Store total expenses expressed as a percentage of total revenues continue a trend lower due during the Period to the fixed components of total expenses against revenue growth.

Overall human resources costs were higher in the Period due to the impact of the Fund's interest in the Deerfoot Joint Venture. A significant portion of pre-opening and initial operating expenses of the Deerfoot Joint Venture were salaries and wages. These included managers and supervisors on payroll for the months prior to the opening, training costs, additional staff for grand opening events and Christmas banquets as well as general overstaffing to ensure favorable first impressions about the level of customer service. These costs, to November 30, 2005, are recorded under the heading General admin. Beginning in December 2005, the operational portion of Deerfoot Joint Venture human resource costs is separated from General admin. These increased costs were partially offset by further improvement in human

resource costs as a percentage of sales at Same Store operations. Same Store improvements in human resource costs as a percentage of sales during the Period are a direct result of strong revenue growth.

Management fees from the general partner of the Partnership are paid monthly based on profitability estimates established at the start of the year and adjusted as profitability estimates are revised or actual profitability is known. Fees for the Period are up compared to 2004 as a result of improved EBITDA performance. The Deerfoot Joint Venture is also subject to management fees payable to the Manager of the Deerfoot Joint Venture based in part on revenue and profitability. These fees commenced in November 2005.

Marketing and Promotions

Marketing and promotions include all donations, sponsorships and complementary services offered at properties in addition to sales and advertising expenses.

Marketing	Q4 (twelve months)			Q4 (three months)			Previous Quarter	
	2005	2004	+(-)	2005	2004	+(-)	Q3 2005	+(-)
Total	812.7	693.5	17.2%	296.7	209.2	41.8%	186.8	58.8%

	2005	2004	+(-)	2005	2004	+(-)	Q3 2005	+(-)
Total	683.8	693.5	(1.4%)	173.6	209.2	(17.0%)	180.9	(4.0%)
% of Revenues	2.2%	2.7%	(0.5%)	1.9%	3.1%	(1.2%)	2.4%	(0.6%)

Marketing and promotion costs remained relatively flat as a percentage of total revenues. The added costs expected for the heavy promotion of the Deerfoot Joint Venture operations were offset proportionately by reductions of such costs in the Same Store operations. The Alberta economy has afforded an opportunity to forego some advertising expenses that would otherwise be required to maintain business volume.

Operating Costs

Some of the more significant expenditures in this classification include entertainers, premises leases, repairs & maintenance, utilities and operating supplies.

Operating	Q4 (twelve months)			Q4 (three months)			Previous Quarter	
	2005	2004	+(-)	2005	2004	+(-)	Q3 2005	+(-)

% of Revenues	9.8%	10.5%	(0.7%)	9.3%	11.6%	(2.3%)	10.1%	(0.8%)

(in thousands of dollars unless stated otherwise)

Overall operating costs are higher due to the startup operations of the Deerfoot Joint Venture. A significant factor in this was the entertainment booked to the Chrome showroom during grand opening week. The overall increase in operating costs as a percentage of revenue was partially offset by an improvement in the Same Store operations. Again, this is largely attributed to strong revenue growth and economies of scale.

General and Administrative

General and administrative expenditures include professional fees, insurance, property and business taxes, corporate travel, interest charges and other less significant expenses.

General & admin	Q4 (twelve months)			Q4 (three months)			Previous Quarter	
	2005	2004	+(-)	2005	2004	+(-)	Q3 2005	+(-)
Total	1,161.1	717.3	61.9%	423.5	101.8	316.2%	241.8	75.1%
% of Revenues	3.7%	2.8%	0.9%	4.5%	1.5%	3.0%	3.2%	1.3%

Total	974.3	717.3	35.8%	245.4	101.8	141.1%	233.1	5.3%
% of Revenues	3.1%	2.8%	0.3%	2.6%	1.5%	1.1%	3.1%	(0.5%)

(in thousands of dollars unless stated otherwise)

General and administrative expenses are up across the board as a result of the pre-opening and startup expenses of the Deerfoot Joint Venture. Significant Same Store increases can be attributed to higher corporate travel costs, interest expenses that prior to December 2005 were being capitalized, legal and professional fees and higher corporate office rent since taking on additional space mid year.

Depreciation and Amortization

Reductions in comparative amortization is due to declining book values of the assets as a result of amortizations recorded in prior years. Additional depreciations for the new Deerfoot Joint Venture assets offset these reductions.

Amortizations	Q4 (twelve months)			Q4 (three months)			Previous Quarter

Facilities

Computers, small furnishings and some small leasehold improvements make up capital maintenance expenditures during the Period. Capital expansion expenditures for Quarter four for the Boomtown Casino totaled \$1.27 million with the remaining capital expansion expenditure totaling \$4.01 million attributed to the Deerfoot Joint Venture project. These same two projects account for all capital expansion spending for the Period.

Deerfoot Joint Venture

Projected total costs for the Deerfoot Joint Venture project total \$43.31 million. Actual costs are expected to exceed the original budget by \$3.0 million or 7.4%. The Fund's Contributing Interest percentage of these additional costs totals \$1.43 million.

In our 3rd Quarter report to Unit holders, we projected the Deerfoot Joint Venture to accumulate a total net cash loss to December 31, 2005 of \$1.5 million. December, the first full month of operations for the Deerfoot Joint Venture, produced more favorable results than anticipated. The actual accumulated net cash loss to December 31, 2005 totaled \$867 thousand of which the Fund's Participating Interest portion totals \$347 thousand.

On March 8, 2006, the Fund received, what is believed to be, the final Assessment Notice in the amount of \$151,524 for land, construction costs and initial working capital required by the Deerfoot Joint Venture. The Assessment Notice is in proportion to the Fund's Contributing Interest Responsibility.

Financial Condition

Liquidity and Capital Resources

Assets totaled \$92.4 million for the Fund at the end of the Quarter, an increase of \$5.8 million for the Period. Cash and cash equivalents totaled \$8.5 million, up \$213 thousand for the Period.

The Fund secured an additional \$2.0 million on its previously arranged \$7.0 million in term financing for a total of \$9 million from the Canadian Western Bank (“CWB”). The loan is secured by the Fund’s casino and hotel assets in Grande Prairie. Interest on the term loan floats at 1.5% above the CWB prime lending rate. The loan will mature in May of 2007. The loan agreement stipulates interest only payments to maturity and includes penalties for early repayment. At December 31, 2005, the Fund has drawn \$4.8 million of this loan. The balance of this loan, \$4.2 million, was advanced in January of 2006.

The Fund is required by the Alberta Gaming and Liquor Commission to maintain a Minimum Continuing Net Working Capital Position (“MCNWCP”) to support its gaming operations. Available credit remaining on the \$9 million credit facility with CWB is considered working capital for the purpose of calculating MCNWCP.

The Deerfoot Joint Venture has a \$24.0 million loan facility from CWB. The loan is secured by the Deerfoot Joint Venture’s land and building. The Loan covering the interim period of construction matures on March 31, 2006 and stipulates interest only payments 1.5% above the CWB prime lending rate. Following maturity, two options are available to the Deerfoot Joint Venture. The first, a floating interest rate at 1.0% above CWB prime, which at the time of writing is 5.25%, requires monthly payments of \$205,874. There are no prepayment penalties with this option. A second option stipulates a five year fixed rate of 5.9%, and monthly payments of \$201,285. This option has prepayment penalties. As of December 31, 2005, \$23,230,088 had been drawn on the loan with the balance of the full \$24 million being drawn in late January 2006. The Fund’s portion of this loan is 40% or \$9.6 million.

The Fund, through Gamehost Limited Partnership has provided a guarantee to Royal Bank of Canada (“RBC”) for its share, 54.42%, of a \$1.85 million line of credit taken by DJ Will Holdings Limited. The guarantee represents the Fund’s Contributing Interest Responsibility for additional debt financing provided to the Deerfoot Joint Venture.

Distributable Cash

The Fund's mandate is to make consistent monthly cash payments to unit holders based on management's projections of the year's distributable cash. Distributable cash is defined as net income determined in accordance with Canadian GAAP, subject to certain adjustments as set out in the Declaration of Trust, including:

- a) adding the following items: amortization on property, plant & equipment, future income tax expense and losses on dispositions of assets; and
- b) deducting the following items: future income tax credits, gains on dispositions of assets and capital maintenance expenditures.

Other adjustments may be made to distributable cash as determined by a majority of the Trustees in their discretion. It is the intention of the Fund trustees to distribute sufficient income from the Fund so that the Fund will not have any liability for tax under Part I of the Income Tax Act.

The Fund announced monthly distributions of \$0.12 per unit for each month during the Period. In addition, on December 20, 2005, the Fund declared a special year end distribution of \$0.59 per unit. Total distributions declared for the Period were \$2.03 per unit. Declared distributions are paid on or about the 15th of the month following declaration.

Business Risks and Outlook

The expansion to Boomtown Casino is nearing completion. Total project costs including featuring are expected to be \$2.2 million. The expansion includes 193 additional slot machines that will bring the facility total to 399 machines on completion. The expansion is expected to add a further 20 to 23 full time and part time positions. Labor and housing shortages in the Ft. McMurray area are a concern as we approach the period for staffing. There is already a shortage of dealers affecting our ability to open all gaming tables on a consistent basis. Foreign worker applications, pay increases and a benefit plan are all being implemented to resolve the shortages. Management has also stepped up its dealer training programs which already look like they will yield favorable results.

Smokeless workplace initiatives have not yet impacted any of our operating facilities. The potential, however, for these pressures to mount in our locations does exist. We are monitoring the situation closely and studying the resulting impact in other locals. The initial negative impact to competing casino operators has certainly softened as patrons resolve themselves to the new regulations.

Alberta Gaming and Liquor Commission is in the midst of a pilot project to evaluate Ticket In/Ticket Out (“TITO”) systems on slot machines. Based on the evaluation of TITO, Alberta Gaming and Liquor Commission may embark on a planned retrofit of all slot machines in the province. Experience elsewhere in the industry suggests that there will be initial reluctance to use these new type machines. It should also be noted that the lower play is short lived. The TITO system will eventually provide opportunities for reduced labor expenses to the operator. Many major North American casinos now use this technology.

The Deerfoot Joint Venture, in which the Fund is a 40% partner, continues to work on operating efficiencies and has begun to tailor marketing programs designed to take advantage of the unique market area. Daily sales results have already begun to show a definite trend upwards from a stronger than expected start.

Auditors Report

To the Unitholders of Gamehost Income Fund

We have audited the consolidated balance sheets of Gamehost Income Fund (“the Fund”) as at December 31, 2005 and 2004 and the consolidated statements of unit holders’ equity, consolidated statements of operations and consolidated statements of cash flows for the years then ended. These consolidated financial statements are the responsibility of the Fund’s management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Fund as at December 31, 2005 and 2004 and the results of its changes in unit holders’ equity, operations and its cash flows for the years then ended in accordance with Canadian generally accepted accounting principles.

1. Basis of Preparation

The consolidated financial statements of the Fund have been prepared by management in accordance with Canadian generally accepted accounting principles. The preparation of these consolidated financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates. The consolidated financial statements have, in management's opinion, been properly prepared using careful judgment with reasonable limits of materiality.

Consolidated financial results include the activities of the Fund, the Trust, the Limited Partnership with all its operating divisions and the Fund's proportionate share of the activities of the Deerfoot Joint Venture.

2. Comparative Figures

Certain comparative figures have been reclassified to conform to the current year method of presentation.

3. Significant Accounting Policies

Principles of Consolidation

The consolidated financial statements include the accounts of wholly owned subsidiaries, partnerships and trusts and its proportionate share of a joint venture. All significant accounts and transactions between consolidated entities are eliminated.

Estimates

The preparation of the consolidated financial statements requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reported period. Actual results could differ from these estimates. Estimates are used when accounting for such items and matters as long-term contracts, allowance for doubtful accounts, inventory obsolescence, amortization, employee benefits, impairment of long-lived assets, accrued liabilities, intangibles and contingencies.

Cash and cash equivalents

Cash and cash equivalents consist of cash on hand, bank balances and credit card accounts. US dollar balances have been converted to Canadian equivalents using exchange rates at December 31, 2005.

Inventories

Inventories are valued at the lower of cost and net realizable value, cost being determined by using the first-in, first-out method.

Property, plant and equipment

Property, plant and equipment are recorded at cost. Amortization is based on their estimated useful life using the following rates and methods:

3. Significant Accounting Policies (cont.)

Land improvements	- 2% straight line
Buildings	- 4% - 5% reducing balance
Leaseholds	- 5 to 10 years straight line
Furniture, fixtures and equipment	- 20% - 45% reducing balance

Goodwill and licenses

Goodwill and licenses with indefinite useful lives will not be amortized but tested annually for impairment. The Fund reviews the goodwill and licenses annually to determine if the carrying amounts exceed its fair value. Where the carrying value exceeds its fair value, a charge against net income is recorded in the period in which the impairment occurred. Based on management's review, the Fund does not believe that impairment in the carrying value of the goodwill and licenses has occurred and no provision for impairment has been recorded in these financial statements.

Long lived assets

Long-lived assets consist primarily of property, plant and equipment. Management tests for impairment annually to determine if long lived assets need to be written down to their realizable value. Management has determined that there has been no impairment of long lived assets during the Period.

Construction in progress

The Fund limits additions to construction in progress to hard constructions costs, 3rd party planning, legal, permits and fees, fixturing and any other costs normally associated with building construction. Costs that would otherwise be treated as operational in nature for a pre-existing asset are included in the operating results for the Period for the new asset.

Revenue recognition

Revenues from gaming operations consist of the Fund's share of the gaming wins pursuant to its operating agreement with Alberta Gaming and Liquor Commission and are recognized on a daily basis.

Revenues from hotel operations and food and beverage sales are recognized when services are rendered.

Revenues from rental operations are recognized in accordance with the lease agreements.

Income taxes

Income earned directly by the Limited Partnership is not subject to income taxes as its income is taxed directly to the Limited Partnership unit holders or to the Fund unit holders. The Fund has established a policy to distribute all of its taxable income to unit holders on an annual basis.

Joint venture

The Fund's investment in the Deerfoot Joint Venture is accounted for using the proportionate consolidation method.

Included in land improvements net book value \$107,426 (2004 - \$110,819), buildings net book value \$749,450 (2004 - \$810,187) and signs net book value \$11,519 (2004 - \$16,399) are assets that are rented to third parties.

Certain equipment and machines are provided by and owned by Alberta Gaming and Liquor Commission and have not been included in these financial statements.

7. Licenses

Licenses for Boomtown Casino and Great Northern Casino were originally acquired on June 1, 2003 through a plan of arrangement. The licenses are considered to have indefinite lives because they are expected to generate cash flow indefinitely. Licenses were originally granted based on an application for a Traditional Casino Gaming License through the Alberta Gaming and Liquor Commission. The application process is arduous, consisting of 8 steps. Licenses are renewed every three years following an exhaustive audit conducted by Alberta Gaming and Liquor Commission to test compliance with Alberta Gaming and Liquor Commission's regulated Terms & Conditions. The current term of the licenses expire June 30, 2008.

The Fund's business controls and procedures are designed to comply with all the Terms and Conditions and Alberta Gaming and Liquor Commission audit findings have consistently determined satisfactory outcomes.

8. Term Loan

The Fund originally arranged a \$7,000,000 term loan with the Canadian Western Bank ("CWB") for the purpose of financing contributing interest obligations to the Deerfoot Joint Venture. During the Period the Fund negotiated an increase of \$2,000,000 to this term loan bringing the total to \$9,000,000. As at December 31, 2005, the Fund was advanced \$4.8 million (2003 - \$2.3 million). Terms of the loan include a floating interest rate at 1.5% above CWB prime. This rate was 6.5% at December 31, 2005 (2004 - 5.75%). The repayment schedule allows for interest only payments to maturity of the loan in May, 2007. In January 2006, the remaining available \$4.2 million was drawn on the term loan. Security for the loan includes;

13. Commitments (cont.)

Boomtown Casino Expansion

The Fund is in the final stages of completion of an expansion project at Boomtown Casino. At initiation, the project was hoped to be completed by December 31, 2005. Project completion is now delayed to the end of the first quarter in 2006 due to a shortage of construction workers. The project is expected to be completed within the original budget of \$2.2 million. To the end of the Period, the Fund had incurred \$1.54 million (2004 - \$2,165) in costs.

Deerfoot Inn & Casino Deerfoot Joint Venture

To the extent that further capital is required by the Deerfoot Joint Venture, the Fund is committed to a 47.75% Contributing Interest Responsibility. An Assessment Notice was issued to the Fund on February 15, 2006 for \$151,454.

Term Loan

Interest and principal payments on a term loan taken to finance the Fund's Contributing Interest Responsibility to the Deerfoot Joint Venture are required monthly to the term end in May of 2007. Commitments are estimated as follows:

2006	\$	607,500
2007		9,253,125

Project Loan

The project loan, taken by the Deerfoot Joint Venture, was issued with two segments:

- Segment (1) covers the interim period of construction, matures on March 31, 2006 and stipulates interest only payments. Interest on this segment is at prime plus 1.5% above the Canadian Western Bank prime lending rate. The effective annual interest rate was 5.25% (2004 – 4.75%)
- Segment (2) of the loan is a term facility for an unspecified period following the interim construction period.

Two options are available to the Joint Venture for this loan segment, both with a maximum amortization period of 15 years.

- The first, a floating interest rate at 1.0% above CWB prime with monthly payment of \$205,874 with no prepayment penalties; or
- The second, a five year fixed rate of 5.9%, payments of \$201,285 with prepayment penalties.

The Fund has recorded their proportionate share of the debt as disclosed in Notes 15 and 17 to these financial statements.

14. Financial Instruments

Fair value

The fair value of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, term debt, project loan, due to/from related parties and unit holders distributions payable approximate their carrying value due to the short term maturities of these instruments.

The book value of note receivable approximates its fair value. The fair value was established using discounted cash flow analysis, based on current borrowing rates for similar types of financing arrangements.

The fair value of the Class B Partnership Units approximates their fair value. The LP Units are, to the greatest extent possible, the economic equivalent to a Fund Unit. They are exchangeable by the holder on a one-for-one basis into Fund Units. As such, the LP Units are treated as being equivalent to Fund Units.

Credit risk

The Fund, in the normal course of operations, monitors the financial condition of its customers. The Fund does not have significant exposure to any individual customer or counterparty. The Fund establishes an allowance for doubtful accounts that corresponds to the credit risk of its specific customers, historical trends or economic circumstances.

Interest rate risk

The Fund is exposed to interest rate risk on debt instruments to the extent of changes in the prime interest rate.

Exchange rate risk

The Fund purchases some product from the United States. The Fund is exposed, in its normal course of operations, to exchange rate risk from foreign exchange rate fluctuations. Accounts subject to exchange rates are recorded at the exchange rate as at December 31, 2005 which may differ when the accounts are settled. Any differences in the settled amounts are recorded as part of sales or cost of sales.

It is management's opinion that the Fund is not exposed to significant interest, currency or credit risks arising from these financial instruments.

Industry risk

Service Plus in Grande Prairie is currently deriving 80% of its business from the energy sector. Being a significant portion of the properties overall business volume exposes the Fund to some industry risk.

Given the current and longer term prospects for the energy sector in northern Alberta, it is management's opinion that the Fund is not exposed to significant industry risk at the present time.

15. Guarantees

The Fund has entered into indemnification agreements with current trustees to indemnify them, to the extent permitted by law, against any and all charges, costs, expenses, amounts paid in settlement and damages incurred by the directors and officers as a result of any lawsuit, or any judicial, administrative or investigative proceeding in which the directors and officers are sued as a result of their service. These indemnification claims will be subject to any statutory or other legal limitation period. The nature of the indemnification agreements prevents management from making a reasonable estimate of the maximum potential amount the Fund could be required to pay counterparties. The Fund has purchased directors' and officers' liability insurance.

The Fund has granted an \$11.46 million limited liability guarantee to the Deerfoot Joint Venture to indemnify it in the event the Deerfoot Joint Venture does not perform its contractual obligations. As at December 31, 2005, the maximum potential liability under this guarantee was \$9.3 million. The Fund has not recorded a liability with respect to this guarantee, as the Fund does not expect to make any payments in excess of what is recorded on the Fund's financial statements for the aforementioned items. The Fund has not charged a fee to the Deerfoot Joint Venture in regards to this guarantee.

The Fund, through Gamehost Limited Partnership has provided a guarantee to Royal Bank of Canada ("RBC") for its share, 54.42%, of a \$1.85 million line of credit taken by DJ Will Holdings Limited. The guarantee represents the Fund's Contributing Interest Responsibility for additional debt financing provided to the Deerfoot Joint Venture.
